## Introduction

This document provides the principles for the issuance of Report of Test by the analytical laboratories of BFAR-RFLD XII according to the requirements of the sub clause 7.9 of the PNS ISO/IEC 17025:2017 standard.

## 1. Handling of Complaints

Any expression by the customer, written or oral, for any problems related to his co-operation with BFAR-RFLD XII is a complaint. The handling of a complaint aims at:

1. Examining the cause and the nature of the complaint
2. Resolving any problems caused to the customer
3. Informing the customer
4. Examining if corrective and/or preventive actions are needed

Full evidence for the course of handling a complaint is provided by the proper protocols and tools used by BFAR-RFLD XII to provide efficient control of the implementation and completion of the necessary actions.

## 2. Documents

SOP-16, Improvements

## 3. Document History

| Revision No. | Issue Date | Original Entry | Revised as | Recall Date |
|--------------|------------|----------------|------------|-------------|
|              |            |                |            |             |
|              |            |                |            |             |
|              |            |                |            |             |
|              |            |                |            |             |
|              |            |                |            |             |

|                                                                                          |                                                                                           |
