Introduction

This document provides the principles to determine and implement corrective actions, which are undertaken according to the requirements of the sub clause 8.5 of the PNS ISO/IEC 17025:2017 standard.

1. Actions to Address Risks and Opportunities

1.1. The laboratory considers the risks and opportunities associated with the laboratory activities in order to:

- a) give assurance that the management system achieves its intended results;
- b) enhance opportunities to achieve the purpose and objectives of the laboratory;
- c) prevent, or reduce, undesired impacts and potential failures in the laboratory activities;
- d) achieve improvement.

1.2. The laboratory plans:

- a) actions to address these risks and opportunities;
- b) how to:
 - integrate and implement these actions into its management system;
 - evaluate the effectiveness of these actions.

1.3. Actions taken to address risks and opportunities are proportional to the potential impact on the validity of laboratory results.
