

Document Type Standard Operating Procedure	Revision No: 0	Date Adopted: 13 Aug 2019	Page No: Page 1 of 5
Document Code: SOP-13	DOCUMENT CONTROL		

Introduction

This procedure describes the control of all documents of the Quality Management System as prescribed by the requirement of sub clause 8.3 of the PNS ISO/IEC 17025:2017 standard for issuing, approval, control and storage.

1. Definition of Document Control

1.1. The documents of the Quality Management System of BFAR RFL subject to document control are the following:

- Quality Manual (consist of all QM documents) - QM
- Standard Operating Procedures - SOP
- Work Instructions Procedures - WI
- Laboratory Forms – LF
- Laboratory Records - LR is described in SOP-14 Control of Records.
- Documents from other divisions of BFAR RFL and those from out of BFAR RFL.
- Other additional documents defined by the respective procedures

1.2. The document control includes control of every document of the Quality Management System with respect to:

- Authorizations and responsibilities for writing and approval
- Issue with respect to the time and number of issue.
- Distribution inside and outside BFAR RFL
- Modification and change of any document
- Withdrawal

2. Issue of Quality management system Documents

2.1. All documents of QS are written in a specified form:

- a) The header contains the Logo of BFAR, " Republic of the Philippines, Department of Agriculture, BUREAU OF FISHERIES AND AQUATIC RESOURCES, REGIONAL FISHERIES LABORATORY XII", the address, title of content and respective laboratory if it concerns

Prepared by: MA. MAURICE A. BANQUILING Quality Assurance Manager	Reviewed and Approved by: EUGENE GAY B. JAMORA Laboratory Manager

Document Code: SOP-13	DOCUMENT CONTROL		

only the laboratory, the code of the document, the page numbering and the number and date of issue.

- b) The footer contains the names of the authorized persons for writing and approval.

2.2. All documents are written and approved by the respective authorized positions as follows:

1. The documents of the Quality Manual and the SOPs are written by the Quality Assurance Manager and approved by the Laboratory Manager of BFAR RFL XII.
2. The Work Instructions and Laboratory Forms are written by process owner, reviewed by the Quality Assurance Manager and approved by the Laboratory Manager of BFAR RFL XII.

2.3. Issuance of new documents may be a result of:

1. Proposals of the personnel of BFAR RFL XII submitted to the Quality Assurance Manager and approved by the Laboratory Manager.
2. Corrective or preventive actions
3. The need to meet conformity criteria and/or to improve the operation of BFAR RFL XII.

3. Distribution of Quality Management System Documents

3.1. All documents upon their approval are distributed under the responsibility of the Laboratory Manager to all units of BFAR RFL XII according to the **List of Document Control (LF 13-01)**. Distributed documents are approved copies of the master copy, carrying a stamp on the first page with the indication «**Approved Copy**».

3.2. The master copy of all approved documents carrying original signatures of the authorized persons for issue and approval, are maintained by the Quality Assurance Manager of BFAR RFL XII. It is the responsibility of all personnel to use exclusively only approved documents with the appropriate indication on header right indent (CONTROL COPY) In case of use of non-approved documents (i.e. for training or other reasons), there must be an appropriate sign/indication on the first page of the document that it is an UNCONTROLLED COPY.

3.3. The Document Distribution List (LF 13-01) contains for each document:

- Its title
- Its code (R-0X); where X corresponds to the order of distribution

Document Code: SOP-13	DOCUMENT CONTROL		

- Its issue number and date
- The date of distribution
- An indication by (X) in the respective column of the recipients/users of the document

3.4. Empty forms of the SOP and WI procedures are controlled with respect to all requirements of document control, except to the exact number of them distributed within BFAR RFL XII.

3.5. Certain documents are not distributed to all personnel in written form, since they are available to BFAR RFL XII personnel through the central computer of BFAR RFL XII.

3.6. Request of copy of documents outside BFAR RFL XII is possible only upon approval by the Laboratory Manager of BFAR XII.

4. Document Identification

4.1. Each document is identified by its title and its code. The coding of the QS documents is under the responsibility of the Quality Assurance Manager.

4.2. Coding is assigned as follows:

1. Documents of the Quality Manual are coded as «QM X-YY», where X is equal to 1 for chapter 4, 2 for chapter 5, 3 for chapter 6, 4 for chapter 7, 5 for chapter 8 of ISO 17025. YY a number of articles of standard of concern
2. Standard Operating Procedures are coded as «SOP-XX», where XX is a number of articles of standard of concern
3. Work Instructions are coded as «WI-XX», where XX is a number of articles of standard of concern.
4. Work Instructions for Test Methods are coded as WI-01-YYY-XX, where YYY corresponds to the name of the Laboratory (ie. CHE-Chemistry Laboratory, MIC-Microbiology Laboratory, FIS – Fish Health Laboratory).
5. Forms defined by SOPs are coded as «LF XX-01,02,03...», where XX is the respective number of the «mother» procedure.
6. Forms defined by WIs are coded as «LF WXX-01,02,03...», where XX is the respective number of the «mother» procedure.
7. Records defined by SOPs are coded as «LR XX-01,02,03...», where XX is the respective number of the «mother» procedure.

5. Creation of Documents

- 5.1 Documents are created based on the requirements of PNS ISO/IEC 17025:2017 and the laboratory activities.
- 5.2 Documents are encoded using MS Office applications (Word and Excel).
- 5.3 The laboratory identifies the procedures, methods, forms and other relevant inputs to be written in the document.
- 5.4 Once identified, the laboratory writes down the step by step process. The draft undergoes a series of proofreading and finalization.
- 5.5 Documents will be adopted based on the date of its finalization and will be included in the quality manual.
- 5.6 Adopted documents will be printed. The Document Control Officer will issue a controlled copy of the document to the authorized personnel.

6. Document Review, Modifications, and Updates

- 6.1 Proposed modified documents are reviewed, approved and issued by the same authorities indicated in 2.2.
- 6.2 Document review will be done in a yearly basis. Any updates will be made during the document review or as need arises.
- 6.3 The changes made to the document shall be identified in the Document History at the end of the document.
- 6.4 Previously issued documents to be withdrawn are maintained in a record under the responsibility of the Document Control Officer. All withdrawn documents are recorded in the List of Withdrawn Documents (LF 13-02).
- 6.5 Withdrawn documents are maintained in records for a period of 5 years.
- 6.6 Handwritten changes to documents are not allowed.

6. Document Protection

- 6.1. All documents of the Quality Management System (i.e. Quality Manual, SOPs, Work Instructions, Laboratory Forms and Laboratory Records) are maintained in both written and electronic form. It is the responsibility of the personnel to keep the documents in a good condition.
