

Document Type Standard Operating Procedure	Revision No: 0	Date Adopted: 13 Aug 2019	Page No: Page 1 of 4
Document Code: SOP-19	MANAGEMENT REVIEW		

Introduction

This procedure describes the process followed for carrying out a management review, according to the requirements of sub clause 8.9 of the PNS ISO/IEC 17025:2017 standard.

1. Responsibilities & Authorities

1. Regional Director
2. Laboratory Manager
3. Quality Assurance Manager
4. Technical Manager
5. Staff

2. Types of Management Reviews

2.1. Management reviews take place:

1. Once a year (annual review)

2.2. The annual management review takes place once a year to examine the overall performance of the quality management system during the past year.

2.3 The Laboratory Manager notifies the concerned personnel on the conduct of the meeting, LF 19-03 (Notice of Meeting).

3. Inputs to the Annual Management Review

3.1. The main input to the annual review is the Annual Quality Report (LF 19-01), which is written by the Quality Assurance Manager to provide information related to the performance of the Quality management system, such as:

- Changes in internal and external issues that are relevant to the laboratory;
- Fulfillment of objectives;
- Suitability of policies and procedures;
- Status of actions from previous management reviews;
- Outcome of recent internal audits
- Corrective actions;
- Assessment by external bodies;
- Changes in the volume and type of the work or in the range of laboratory activities;
- Customer and personnel feedback;
- Complaints;

Document Code: SOP-19	MANAGEMENT REVIEW		

- Effectiveness of any implemented improvements;
- Adequacy of resources;
- Results of risk identification;
- Outcomes of the assurance of the validity of results;
- Other relevant factors, such as monitoring activities and training, and;

3.2 Outputs of Management Review record decisions and actions related to

- The effectiveness of the management system and its processes
- Improvement of the laboratory activities
- Provision of required resources
- Any need for change

4. Management Review and Implementation of Actions

4.1. All inputs of par.3.1 are discussed and examined during meetings, LF 19-02 (Minutes of Meeting) which are called by the Laboratory Manager and Regional Director. The participants in these meetings are the Quality Assurance Manager, the Technical Manager, the Chief of Finance and Administrative Division, and relevant unit heads as well as any member of the staff, depending upon the subjects of the meetings.

4.2. The outcome of the annual management review is a number of decisions and actions (i.e. corrective and preventive actions), which are recorded in the Annual Quality Report (LF 19-01).

4.3. The implementation of the specified actions is monitored and controlled on a continuous basis during routine management meetings and reviews.

4.4. The outputs from the management review record all decisions and actions related to at least:

- a) the effectiveness of the management system and its processes;
- b) improvement of the laboratory activities related to the fulfillment of the requirements of this document;
- c) provision of required resources, and;
- d) any need for change.

5. Indices of the Quality management system

5.1. Indices of the quality management system are used to make a quantitative approach with respect to the performance review as well as to the targeting. In this respect, the following

Prepared by: MA. MAURICE A. BANQUILING Quality Assurance Manager	Reviewed and Approved by: EUGENE GAY B. JAMORA Laboratory Manager
--	---

Document Type Standard Operating Procedure	Revision No: 0	Date Adopted: 13 Aug 2019	Page No: Page 3 of 4
Document Code: SOP-19	MANAGEMENT REVIEW		

indices are used to describe the performance and trend of specific fields of the quality management system in quantitative terms.

5.2. Non-conformities

1. The number of non-conformities provides the absolute number of non-conformities.
2. The absolute number of non-conformities multiplied by 100 and divided by the number of Report of Test issued within the same period, provide the relative number of non-conformities.

5.3. Customers' complaints

1. The number of complaints within one year provides the absolute number of complaints.
2. The absolute number of complaints multiplied by 100 and divided by the number of Report of Test issued within the same period of time provides the relative number of complaints.

Additional indices related to the complaints include:

- % ratio of the acceptable and unacceptable complaints
- Cause analysis distributions

5.4. Internal Audits – performance of procedures

1. The absolute number of non-conformities in total and per procedure in a whole cycle of internal audits.
2. The relative number of non-conformities resulting by the respective absolute number, multiplied by 100 and divided by the number of audit check points according to the audit questionnaires (SOP-18, Internal Audits).

5.5. Implementation of Corrective Actions

1. Ratio or % of corrective and preventive actions fully completed
2. Average time of completion in days

3. Impact of completed corrective and preventive actions within a year after their completion

5.6. Servicing the Customers

1. Average degree of customers' satisfaction according to evaluation questionnaires of SOP-05 Service to the customer per each criterion
2. Average times in days in:
 - Waiting time for offer submission to the customer
 - Waiting time for analysis completion
 - Releasing of Report of Test to the customer
